CERTIFICATIONS / PROFESSIONAL MEMBERSHIPS AND RECOGNITION

- **Certified:** CISSP/Certified Information Systems Security Professional
- **Certified:** Computer Forensics Investigator By NTI
- **Certified:** Securify Systems Engineer / Network Traffic Intrusion Analyst
- **Certified:** Network Security Professional (Advanced) By High Tech Crime Network
- **Certified:** CheckPoint Firewall Certified Systems Administrator
- **Certified:** Microsoft Certified Professional NT Server 4.0 / Microsoft Network Essentials
- **Recognition:** Information Assurance Subject Matter Expert-DoD Information Assurance Technology Analysis Center
- **Chairman:** FBI Infragard / Insider Threat Special Interest Group
- **Member**: Federal Information Systems Security Educators' Assoc. (Recipient 2010 Security Awareness Website Award)

SPECIALIZED TRAINING

INFORMATION SECURITY / INFORMATION SYSTEMS SECURITY / SCIF MANAGEMENT

- **Raytheon InnerView-Insider Threat Focused Observation Tool Investigator Training**
  Raytheon
  Topics Covered - Monitoring Of Computer Users Who Exhibit Suspicious Behavior, For Analysis and Identification of Potential Adverse Insider Threat And Espionage Activity**.**

- **Designated Approving Authority / DAA Training Course / Defense Information Systems Agency/DISA**
  DODIIS Certifiers Training Course / Defense Intelligence Agency / DIA
  Topics Covered – These courses covered all aspects of being a DAA. A DAA grants formal accreditation/approval to operate a system or network processing intelligence information. The DAA has the authority to withdraw accreditation, suspend operations, grant interim approval to operate, or grant variances when circumstances warrant.

- **Information Systems Security Officer / ISSO Training Course**
  ManTech, Inc.
  Topics Covered – Developing, Implementing and Managing a Top Secret Information Systems Security Program for the Department of Defense, CIA and NSA.

- **SCI ISSM / ISSO Training Course**
  AFSCO/Air Force
  Topics Covered – Developing, Implementing and Managing a Top Secret Information Systems Security Program for the Air Force.

- **SCI ISSM Training Course**
  Navy
  Topics Covered – Developing, Implementing and Managing a Top Secret Information Systems Security Program for the Navy.

- **Information Assurance Security Officer Training Course**
  Army
  Topics Covered – Provided an understanding of the Information Systems Security Policies, Roles, Responsibilities, Practices, Procedures, and Concepts necessary to perform the functions of an Information Assurance Security Officer (IASO).

- **InfoSec Assessment Methodology/Information Security Audits And Assessments**
  National Security Agency/NSA
  Topics Covered – How to conduct Information Security Audits and Risk Assessments of Information Systems.

- **Portable Electronic Device Vulnerability Briefing**
  National Security Agency/NSA
  Topics Covered – Classified Briefing On The Threats Posed By Portable Electronic Devices.

- **SSO/SCI Security Officials Course**
  Defense Intelligence Agency/DIA
  Topics Covered – Covered all areas of responsibilities for SSO. The SSO is responsible for the operation of the Sensitive Compartmented Information Facility (SCIF) and the security control and use of the SCIF.

- **SCIF Inspector Training Course**

  Topics Covered – Provides SCIF Inspectors with advance knowledge of SCI Security (DCID 6/9, DOD 5105.21-M-1), identifying the Construction Standards and the Administrative/Physical Security Requirements to grant a SCIF Accreditation.

- **Continuity of Operations Program Manager Training Course**
  Federal Emergency Management Agency/FEMA
  Topics Covered – Developing, Implementing, Managing and Maintaining a COOP Program for Federal Government Agencies.

- **Retina Vulnerability Scanner / Enterprise Manager**
  Defense Information Systems Agency/DISA
  Topics Covered – Installation, Administration and Management of the Retina Vulnerability Scanner and Enterprise Manager.

COMPUTER FORENSICS

- **EnCase Computer Forensics Investigator Course**
  By DIA National Media Exploitation Center
  Topics Covered – Acquisition, Examination, Analysis and Reporting of Digital Computer Media using EnCase Forensics Software.

  Computer Forensics Investigator Training Course
  1 Week Course Taught By NTI-New Technologies
  Topics Covered – Seizure of Computers, Preservation of Evidence, Identification of Evidence, Extraction of Evidence.

- **Computer Forensics / Network Security Courses**
  Carnegie Mellon University/CERT Team
  Topics Covered –Various Online Training Courses in Computer Forensics and Network Security.

- **Information Security Threats Posed By Hidden Meta Data In Electronic Documents**
  SRS Technologies
  Topics Covered – Detection, Analysis and Eradication of Hidden Meta Data in Microsoft Office and Adobe PDF Documents using SRS Technologies Document Detective.

- **Hi-Low Security Domain Transfers**
  Navy
  Topics Covered – Outlines procedures for the transfer of information/data between information systems of different classification levels. (TS-SCI To Lower Classification Level Systems)

- **Electronic Crime Scene Investigation: A Guide for First Responders**
  National Institute of Justice
  Topics Covered – This training is intended for use by Law Enforcement and other First Responders who have the Responsibility For Protecting An Electronic Crime Scene and for the Recognition, Collection, and Preservation of Electronic Evidence.

- **Forensic Examination of Digital Evidence: A Guide for Law Enforcement**
  National Institute of Justice
  Topics Covered – This training is intended for use by Members of the Law Enforcement Community and First Responders who are Responsible for the Examination of Digital Evidence. It deals with common situations encountered during the Processing and Handling of Digital Evidence. It can be used as a guide in developing policies and procedures.

- **Investigations Involving the Internet and Computer Networks**
  National Institute of Justice
  Topics Covered – Training For Individuals Responsible For Investigations Involving The Use Of The Internet And Other Computer Networks.

- **Investigative Uses of Technology: Devices, Tools, and Techniques**
  National Institute of Justice
  Topics Covered – Review of the techniques and resources for investigating technology-related crime. Overview of technology-related tools and devices that an investigator may encounter or that may assist an investigation, and legal issues affecting the use of high technology.

- **Digital Evidence in the Courtroom: A Guide for Law Enforcement and Prosecutors**
  National Institute of Justice
  Topics Covered – Legal Requirements For The Handling Of Digital Evidence, Guidelines For Successful Prosecution, Using Digital Evidence To Convict Individuals In A Child Pornography Cases and Court Cases.

- **Electronic Crime Scene Investigation: A Guide for First Responders**
  National Institute of Justice
  Topics Covered – This training is intended for use by Law Enforcement and other First Responders who have the Responsibility For Protecting An Electronic Crime Scene and for the Recognition, Collection, and Preservation of Electronic Evidence.

- **Forensic Examination of Digital Evidence: A Guide for Law Enforcement**
  National Institute of Justice
  Topics Covered – This training is intended for use by Members of the Law Enforcement Community and First Responders who are Responsible for the Examination of Digital Evidence. It deals with common situations encountered during the Processing and Handling of Digital Evidence. It can be used as a guide in developing policies and procedures.

OUTSTANDING SERVICE AWARDS AND SPECIAL ACCOMPLISHMENTS

- **Department Of Energy, Office Of Intelligence / Counterintelligence**
  Certificate Of Appreciation / Cross Cutting Team Award For Outstanding Designated Approving Authority (DAA) Service On Cyber Security Team / April 2008
- **ManTech Information Systems And Technology**
  Meritorious Service Award / April 2007
- **DIA National Media Exploitation Center**
  Recognition For Outstanding Service For SCIF Accreditation Project / April 2007
- **Director Of National Intelligence / DNI**
  Recognition For Discovery & Cleanup Of Privacy Breach / May 2006
- **DIA National Media Exploitation Center**
  Meritorious Service Award / May 2006
